

SPACE QUEST 2017

Astrotot Camp

Astrotot Camp is offered to students rising into *Kindergarten - 1st grade*. Sessions include Cosmic Constellations, Living in Space, Mighty Magnets and Rockin' Rockets. Each session is two hours in length.

Explore: Space

This one-day camp, formerly known as Space Discovery I, includes many hands-on space and science activities centered around the planets and includes a visit to space in our simulator. This camp is offered to students rising into 2nd-3rd grade.

Explore: Stars

This one-day camp, formerly known as Space Discovery II, includes many hands-on space and science activities centered around stars and constellations and includes a visit to our STARLAB. This camp is for students rising into 2nd-3rd grade.

Expedition: Eclipse { ONCE IN A LIFETIME CAMP! }

A unique event will happen in our area on August 21, 2017- a total solar eclipse! This camp will give you everything you need to know about the science behind the eclipse and how to view it. This one-day camp is offered to students rising into 3rd-5th grade.

Expedition: Comet

Be a space explorer in search of a comet! Campers will Rendezvous with a Comet™ as they fly a mission in our hands-on simulator. They will work onboard the Space Station to find out just what it takes to study one of the most beautiful objects in space. This one-day camp is offered to students rising into 4th - 7th grade.

Expedition: Moon

Be among the next generation of space travelers to arrive on the Moon! Campers will Return to the Moon™ as they fly a mission in our hands-on simulator. They will explore just what it takes for astronauts to survive in the Moon's desolate environment. This one-day camp is offered to students rising into 4th - 7th grade.

Spy Camp { NEW CAMP! }

At secret agent training you will develop a disguise for cover, make and break codes, discover escape and evasion techniques, create and use spy gadgets and uncover the science behind spying. This two-day camp is offered to students rising into 3rd-5th grade.

CSI Camp (Challenger Special Investigator)

Become a Challenger Special Investigator. Read the ransom note and follow the fingerprints, fibers and other clues. You will use your powers of observation and conduct scientific tests to help solve the mystery of the missing Mars rocks. This two-day camp is offered to students rising into 5th - 8th grade.

Rocket Camp

After learning about the basics of rocketry, participants will build and launch several different types of rockets including eggstronaut rockets and model rockets. This two-day camp is offered to students rising into 5th - 8th grade.

Mission to Mars Camp

Be the first human on Mars! Campers will travel to the Red Planet during a Voyage to Mars™ mission in our hands-on simulator. After arriving on Mars, they will build a life-size colony where they will live, work and train like real planetary astronauts. This three-day camp is offered to students rising into 4th - 7th grade.

Underwater Astronaut Camp

Learn all about how astronauts train underwater to simulate working in space! Participants will receive basic SCUBA instruction (in a swimming pool) from Mermet Springs, then participate in an underwater astronaut training program. Participants must be able to swim and medically fit to dive. This three-day camp is for 11-14 year olds only. SCUBA gear is provided.

Aviation Camp

What makes an airplane fly? Learn the basics of flight and apply them in different hands-on activities and simulations. After you have shown the right stuff, take a flight in a real airplane departing from Midwest Aviation. While in the air you will become an actual pilot when you get to take the yoke and fly the plane. This three-day camp is for 13-16 year olds only.

CAMPS FILL QUICKLY, GET YOUR REGISTRATION IN TODAY!

How do I get a registration form?

Visit us online at clcpaducah.org.

Call our office at **(270) 534-3101**.

- ⇒ Lunch menu is available online.
- ⇒ Age requirements for all camps are firm.
- ⇒ Pre-registration is required.
- ⇒ Camp t-shirts are \$12.72 - deadline to order is May 1, 2017.

Astrotots: Cosmic Constellations

June 2, 2017
9:00-11:00 am or 12:30-2:30pm
\$18
Age: Rising Kg-1st grade

Astrotots: Mighty Magnets

June 16, 2017
9:00-11:00 am or 12:30-2:30pm
\$18
Age: Rising Kg-1st grade

Astrotots: Rockin' Rockets

June 30, 2017
9:00-11:00 am or 12:30-2:30pm
\$18
Age: Rising Kg-1st grade

Astrotots: Living in Space

July 14, 2017
9:00-11:00 am or 12:30-2:30pm
\$18
Age: Rising Kg-1st grade

Explore: Space

June 8, 2017
June 22, 2017
July 10, 2017
9:00am-3:00pm
\$30, \$35 with lunch
Age: Rising 2nd-3rd grade

Explore: Stars

June 9, 2017
June 23, 2017
July 11, 2017
9:00am-3:00pm
\$30, \$35 with lunch
Age: Rising 2nd-3rd grade

Expedition: Eclipse

July 21, 2017 (CLOSED)
July 11 2017 (ADDED)
8:30am-3:30pm
\$30, \$35 with lunch
Age: Rising 3rd-5th grade

Expedition: Comet

June 22, 2017
8:30am-3:30pm
\$40, \$45 with lunch
Age: Rising 4th-7th grade

Expedition: Moon

July 20, 2017
8:30am-3:30pm
\$40, \$45 with lunch
Age: Rising 4th-7th grade

Spy Camp

June 6-7, 2017 (CLOSED)
June 15-16, 2017 (ADDED)
8:30am-3:30pm
\$90, \$100 with lunch
Age: Rising 3rd-5th grade

CSI Camp

June 13-14, 2017
8:30am-3:30pm
\$90, \$100 with lunch
Age: Rising 5th-8th grade

Rocket Camp

July 12-13, 2017
8:30am-3:30pm
\$90, \$100 with lunch
Age: Rising 5th-8th grade

Mission to Mars

June 26-28, 2017
8:30am-3:30pm
\$130, \$145 with lunch
Age: Rising 4th-7th grade

Underwater Astronaut Camp

June 19-21, 2017
8:30am-3:30pm
\$170, \$185 with lunch
Age: 11-14 years old
Mandatory meeting May 1, 2017

Aviation Camp

July 17-19, 2017
8:30am-3:30pm
\$195, \$210 with lunch
Age: 13-16 years old
