

STARLAB PORTABLE PLANETARIUM

Bring the wonders of the night sky to your school!

OPTION 1 | Journey Through the Stars | \$75

Take a tour through our night sky! Explore the stars in their constellations and hear the Greek and Roman Mythology stories related to them.

OPTION 2 | The Marvelous Moon | \$75

Explore our Moon! See and learn about the moon's phases, features and the landing sites where humans walked.

TRAVEL FEE | 60 miles or less: \$50 per day; 61 miles or more: call for pricing

REQUIREMENTS

- Limit of 25 students per 45 minute program.
- Lessons can be adapted for 2nd grade and up.
- No more than five 45 minute programs/day. These must be scheduled to utilize time as effectively as possible.
- One school personnel must remain with students at all times.
- A large area that can accommodate a dome of 11 ft. high and 25 ft. across. A stage, gym, library or large multipurpose room works well.
- The dome must be in a fairly quiet area.
- The floor **MUST** be clean before the dome can be set up.
- There must be electrical outlets available-one for the fan and one for the projector. We will bring extension cords.
- Students will be required to take off their shoes before entering Starlab.
